Your questions answered

What is the Association?

The OSHC SA Association is a membership based organisation of personnel who work in the OSHC sector in SA. We are people, like you, networking and pooling our resources to raise the profile and quality of the sector. OSHCsa, along with peak groups from other states and territories, make up the national peak group National Outside School Hours Services Association (NOSHSA).

What is the function of the Association? OSHCsa aims:

- To be the official voice of the sector - put forward our position to all levels of government and the wider community
- To promote, resource and support OSHC services, staff and management
- To promote practices and programs that will assist services to enrich the lives of children in OSHC
- To support families and work together with them to enhance service practice
- To actively promote universal awareness of OSHC, highlight the positive attributes and potential of services; both as a strategic place for children's development and a rewarding place of employment
- To provide opportunities for services and individuals and celebrate achievements
